Mr. Limón added that, as historic resource surveys are conducted, properties that may be candidates will be targeted. This will also be used as an incentive to negotiate and discuss designations with applicants. There is a limit of eight contracts per year and two of them can be commercial properties.
3. Commissioner Shallenberger commented that the Granada Tower antenna equipment is in the process of being removed.

E. Subcommittee Reports.

Commissioner Shallenberger reported that the El Encanto Hotel neighbors have been expressing support for revisions to the proposed project, which is in contrast with previous years. Mr. Jacobus added that, in spite of the general neighborhood support of the compromise, the Planning Commission decision has been appealed again. Commissioners Adams and Shallenberger volunteered to attend the City Council meeting on November 10 to represent the HLC.
